# Message from the President

by Linda Winslow - Class of 1969

Greetings,

The Marquette Area Public Schools (MAPS) Education Foundation has been committed to providing for every Marquette Area Public School student to participate in a unique project and/or receive a scholarship at least once during their time in the school system. The foundation is excited to have worked to reach this goal with the help of you our donors and supporters. We are getting very close to accomplishing this goal. So, what is it that we provide?

Grants-for our students to be able to participate in unique opportunities, whether it be purchasing books for classroom projects, art supplies, flexible seating, robots, or a Vitamix blender (the list of all grants funded this past year is printed in the Newsletter)

1st to Finish Children's Saving Account program-This program with the support of our bank partners, Incredible Bank and Range Bank, and donors, has allowed us to open savings accounts for every first grader who has not opted out of the program. Each account is opened with an initial deposit of \$60. I am so excited to share that no student opted out of the program last year. We will be opening accounts for the fourth class of first graders in December 2022.

Scholarships- This past year at the Local Scholarship event 145 scholarships were awarded to 145 students. These scholarships have been established by families, businesses, and local service clubs to help the graduating students pursue their post-secondary education dreams/plans. Wow we are an amazing community.

In closing I would like to share what one parent shared with a foundation board member. The parent said their student was so excited that someone believed in him to award him a scholarship. That is what we as a community do, BELIEVE IN OUR STUDENTS.

Thank you for believing in the MAPS Education Foundation for our students.  
Linda Winslow, President  
Education Foundation Marquette Public Schools
